

I N H A B I T

A collection of architectural reliefs
where African materials, forms
and craftsmanship find contemporary
expression.

Designed to inhabit spaces
with a quiet presence.

OHEMAA

*Quiet authority
expressed through
presence and restraint.*

ADAPT

*A form in constant evolution,
held together by balance.*

THE CURRENT

*Rhythm made visible.
Movement made material.*

KANEA

Light as material.

Serenity as presence.

SENA AURA

*Colour, silhouette
and material united
in one presence.*

SASA

*When only the essential
remains, everything else
becomes silence.*

OHEMAA + SASA
Residential · Warmth · Intimacy.

KANEA + THE CURRENT

Architecture • Presence • Movement

MATERIALS

Wood • Relief • Light • Shadow.

*An exploration of materials,
contrasts and craftsmanship
that give form to every work.*

I N H A B I T

Every work is conceived to enter into
dialogue with architecture, light and
those who inhabit the space.

A quiet presence that
accompanies time.
